# Our PCS Workshop Classes

## Moving with Kids

April 19, 9-10am

Will you be moving soon? Are you worried about how your children will handle the move? Want to know how to prepare them for the transition? If you answered yes to even one of the previous questions, then this workshop is for you. Join us as we lay out some of the common concerns and fears both parents and children face as they prepare to move from one community and/or school to another. We will arm you with strategies and ideas for how to best assist your child as he/she makes their next move.

## Smooth Moves

May 17, 9-10am

Whether you are facing your first real PCS or whether you have moved numerous times already, this workshop will help prepare you for what lies ahead. We educate you on what to expect, how to prepare and how to expedite the entire process of moving. No one ever said moving is easy but, we can certainly make it less stressful. Join us at this workshop and learn how.

## School Transition

June 21, 9-10am

Learn how to smoothly move your student from one school to the next. The secret to making a smooth transition lies in preparing ahead of time, planning and organizing. We show you all of the shortcuts and get you set up for success from the very beginning. This workshop is perfect for parents of kindergarteners to high schoolers. It is never too late to get organized. This workshop will also simplify the process of helping your student apply for college. Imagine having everything you need to support your student perfectly organized in one place. This workshop makes it a reality.

All workshops take place in the ACS Heritage Room (Bldg. 622) and are free of charge. Please RSVP ahead of time to reserve your spot.
