

Teen Employment

Teen Services and Resources Employment Readiness is ready to empower you to take control of your personal employment situation by providing a full range of employment services and resources. We teach basic job search skills that can be used effectively regardless of where you are located. Individual Employment Counseling is a one to one appointment via in person or by phone/email to discuss your employment needs, such as skill building, job search strategies, how to apply for work, dress for success and the job interview. The Employment Resource Computer lab is available with printing capabilities to print off your resume and cover letter. Internet Access is available for online job searching and applying. The Resource Library is your one stop to look at samples of resumes, current job opportunities and more.

The program is open to all dependent members of all military personnel, Department of Defense Employees (Civil Service, NAF,AAFES).
