

WEST POINT AUTO

ALIGNMENT SERVICE

A Properly Aligned Vehicle:

- ◆ Runs more efficiently
- ◆ Performs better
- ◆ Handles easily
- ◆ Reduces tire and front end wear
- ◆ Is more stable during high speed maneuvering
- ◆ Is simply, SAFER!

After what you put your car through this winter, don't you think it deserves it?

Alignment Includes:

Inspect steering and suspension system including tire condition and air pressure

Put vehicle on alignment rack, mount and compensate sensors

Print out initial alignment readings

Adjust camber, caster, and toe angles, if adjustable, to manufacturer specifications
(additional parts and labor may be necessary on some vehicles)

Print out final alignment readings to verify alignment is within specification

Road test vehicle
